

BX-CTADOME

Ideal for planetariums, simulation, military and live events or where 360° projection is required

The BX-CTADOME lens is specifically aimed at the dome projection market and is simple to set up, delivering an immersive 360° projection on pop up or permanent curved spaces from a single projector with no blending required. Ideal for planetariums, simulation, military and live events or where 360° projection is required, the BX-CTADOME is compatible with select Optoma DuraCore laser projectors.

Suitable for dome sizes of approx. 2~10m diameter
